

AVTECH Room Alert® 4ER Planning Worksheet

Print and use this form to plan the sensor build-out for your Room Alert installation. See page 2 for compatible options to write in below. Once your build-out is complete, call your favorite Reseller for a quote or to order.

Note: The total sensor capacity of the Room Alert 4ER is 4+ sensors. Includes port for direct connection of a Light Tower or Relay Switch Sensor.

* - Included in base package for monitor.
