Mini UPS & Power Sensor (MUPS) RMA-MUPS-SEN

Mini UPS & Power Sensor (MUPS)

AVTECH's Mini UPS & Power Sensor (MUPS) is a unique sensor/UPS combination that detects loss of power supply while providing seamless battery backup power for approximately fifteen (15) minutes or more beyond loss of power. Total run time depends upon the power draw of the supported Room Alert monitor or other 5V device. Red and Green status LEDs allow users to instantly know power status at a glance. Compact and lightweight, the MUPS is perfect for small, weight sensitive or remote locations where standard UPS models are difficult or impossible to accommodate.

- Real-time main, UPS or generator power on/off status or change.
- Provides battery backup power for 15 minutes or more for any 5V device.
- Max sensor cable distance up to 900', includes 25' sensor cable.
- Plugs in-line with AVTECH's 5V Power Adapter.
- Compatible with Room Alert 32E/W, 26E/W, 24E, 12E, 11E, 7E, 4E, 3E; WiSH & WiSPR sensor hubs..
- Includes Mini UPS & Power Sensor with 25' Cable & Installation Note.
